2. About your Project or Initiative

Describe your Project

For example; Will this grant fund capital expenditure? (i.e. purchase of equipment). Will this grant fund the development of existing facilities or services?

Lay out and prepare 2 courses (short course and longer advanced course) for a cross country mountain bike trail through area surrounding the south end of the Kawhia Harbour, utilising the access farmers are prepared to give. Trail to lead through the areas of Te Waitere, Kinohaku, Taumatotara and Waiharekeke, within a 55km radius of Te Waitere Boating club. The main purpose of the trail is to provide a yearly fundraiser for the TWBC to sustain the club's activities. Surplus funds to go to whaleboat repairs in 2019 and 2020. The second purpose is to put Te Waitere on the map as a wonderful place for sport and recreation. This event will become a yearly event. First event in April 2019.

The project involves the Te Waitere Boating Club taking care of:

- Preparing course
- Setting up website for publication/registration
- Putting all necessary health and safety plans in place
- Organising permits as needed
- Organising private or farm access
- Organise marshalls
- Organise First Aid (St Johns)
- Organise refreshment stations
- Medals for all finishers

Length of Project - How long will your project or initiative continue for?

This event to become a yearly event after the first event in April 2019

Community Benefit - How will the community benefit from your project or initiative?

1. After the initial lay out of aprox. \$7000 (set up and compliance costs) for the first year, we intend to run the event on a yearly basis.

This will give the many local mountain bike enthusiasts and those in The Waitomo and wider Waikato area the opportunity to enjoy the fantastic country and harbour environment we enjoy in the Kawhia South area.

2. It is not envisaged that Te Waitere Boating Club will be making a large profit in the first year after deducting the set up costs of the event. But all calculations and estimates lead us to belief that once the event has run the first year, the next events should be able to help funding of many of the Te Waitere Boating Club's projects and activities.

3. We expect a lot of the participating riders and their supporters from the Waitomo and Waikato area will want to revisit the area again after they have become aware of the area's potential to visit for sport and recreation.

Project Focus - Is your project or initiative focused within the Waitomo District?

Yes

No

To whom it may concern

I am writing a letter to support the Te Waitere Boating Club, which is in the process of repairing/restoring their whaleboats.

A large number of our students use these whaleboats to learn how to row and this enables them to not only take part in a wider range of sporting activities, but to remain active throughout the school year. As we live near the sea, it also encourages them to learn how to use the water recreationally, and most importantly, safely.

Kinohaku School would like to support the Te Waitere Boating Club's efforts to maintain and upkeep the whaleboats, as this will ensure that these boats can service the next generation of keen rowers on the Kawhia Harbour. Some of our students are in their second or third generation of rowers and we would encourage this tradition to continue. As a small school, the ability to participate in this activity also widens our children's social experiences, as they are all keen to take part in the whaleboat racing that occurs over the summer months.

If you wish to contact me to discuss this further, or have any queries, please do not hesitate to contact me.

Yours sincerely

To Whom It May Concern,

Te Waitere Boating Club has long been a valuable asset to our local community, providing the school with opportunities we wouldn't normally have access to in our remote location. With various community activities, such as the Mud Run, and the whaleboats for the rowers, our community and the children of our school, have excellent facilities and opportunities just a short drive from home, rather than having to travel for hours for the experience. Through having these opportunities, our children and community members learn to work as a team, learn about water safety and develop new skills.

We fully support Te Waitere Boating Club in their whaleboat restoration project and hope that the club continue to be able to provide these opportunities for our children for many years to come.

Sincerely,

Mandy Woods
