Hi,

Just a run down on a few incidents in the Mokau area that may be of interest for you.

On the 15th December, a car has been travelling north at the start of the Awakino Gorge. On entering a moderate 'S' bend, the car cut the corner, crossing the centre line colliding with a passenger bus travelling in the opposite direction. As a result the driver of the car died. No other persons sustained any injuries.

There were a further 5 crashes, one of which involved minor injuries, and another which came very close to ending up in the Awakino River. The general cause appears to be speed around winding roads and often in wet conditions.

On the 26th December a person swimming at the beach got caught in a rip, fortunately capable bystanders rescued her and she survived, the person was taken through to Taranaki Base Hospital for observations. I ask you not to hesitate in reminding visitors of the dangers at our beach, often the signs are missed or ignored and hearing it from someone who knows may make them think twice.

With regard to riding motorbikes along the beach and around the township, nothing has changed; the rules and expectations have stayed the same. If you are unsure ask.

I hope everyone had a Merry Christmas and has a Happy New Year.

Cheers

Andrew
