Attn: Waitomo District Council Proposed District Plan - Further submissions

Email: districtplan@waitomo.govt.nz

Dear Waitomo District Council,

Re: Te Nehenehenui - Waitomo District Council Proposed District Plan - Further submissions

Please find attached the further submissions on Waitomo District Council Proposed District Plan on behalf of Te Nehenehenui (submitter).

Te Nehenehenui welcomes the opportunity to provide further submissions on the Proposed Waitomo District Plan and advises that we have an interest in the Proposed Waitomo District Plan that is greater than the interest the general public has.

Te Nehenehenui wishes to be heard in support of this further submission, if others make a similar submission, Te Nehenehenui may consider submitting a joint case.

Nāku iti nei, nā,

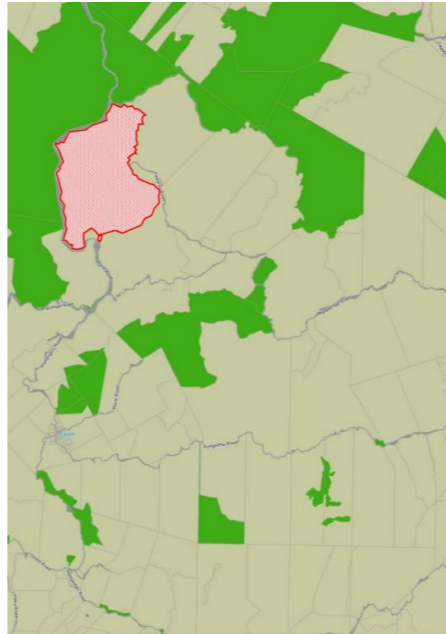

Samuel Mikaere
Group Chief Executive Officer
Te Nehenehenui

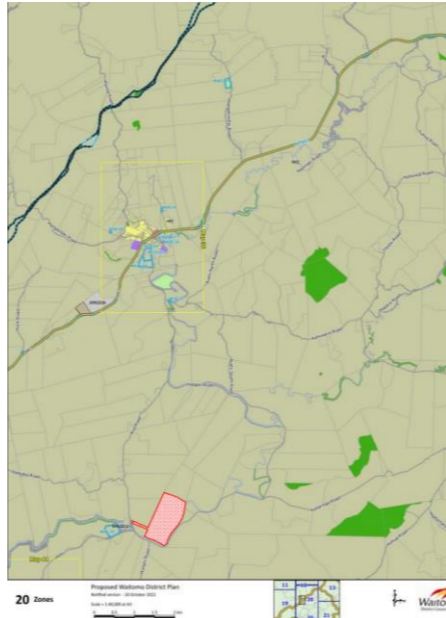

Submission no	Submitter Name	Submitters request: Support / in part / oppose	Plan Chapter/ Sub-section	Plan provision	Submitters Relief sought	TNN Support or Oppose	The reasons for TNN Support or opposition are:	TNN seek that the whole or part (description) of the submission is granted or disallowed
02.02	NZHA	Support in part	9. Definitions	Conservation activities	Retain the definition and add: (e) The establishment, maintenance or upgrading of public walking/cycle tracks <u>and infrastructure</u> .	Oppose see right column	Te Nehenehenui seeks to enhance the protection and maintenance of its people and taonga within the taiao as guided by Ko Tā Maniapoto Mahere Taiao – Maniapoto’s Environmental Management Plan. Where submitters’ submission points do not align with this, or have the potential to negatively impact on iwi, hapu, whanau cultural values, sites, the taiao and all taonga within Te Nehenehenui area of interest, TNN opposes and requests that Waitomo District Council consider this when finalising the review. If submitters submission points do align to enhance the protection and maintenance of its people and all taonga within the taiao and the Te Nehenehenui area of interest, TNN is in support Te Nehenehenui promotes and encourages direct engagement with Mana whenua. In instances where a mana whenua grouping cannot be contacted or consulted within the Te Nehenehenui area of interest, TNN has an obligation as the Post Settlement Governance Entity for Maniapoto to represent its people and taonga to ensure that the integrity of their mana and mauri is maintained, upheld, enhanced, and not undermined. Maniapoto’s respective Treaty Settlements must also be acknowledged throughout the submission process and through the Proposed District Plan and its review Process. Including; Maniapoto Claims Settlement Act 2022 Ngaā Wai o Maniapoto (Waipā River Act) 2012 Aligns to Maniapoto Cultural values	
03.02	NZHPT	Support in part	9. Definitions	maintenance and/or minor modification (of a significant archaeological site listed in SCHED2 Significant Archaeological Sites).	That the definition of maintenance and/or minor modification (of a significant archaeological site listed in SCHED2 Significant Archaeological Sites) is retained and amended as follows: “ means, in relation to any site listed in SCHED2 - significant archaeological sites, the following activities: (a) <u>Vegetation management except for plantation forestry; and</u> (b) <u>Fencing; and</u> (c) <u>Removal of a building or structure not identified in SCHED2; and</u> (d) <u>Placement of approved or permitted signs; and</u> (e) <u>Any work required to stabilize a site; and</u> (f) <u>Any maintenance associated with an existing track.</u>	TNN opposes in part: the removal of (e) Any work required to stabilize a site; and		TNN opposes as it does not define the details of the type of work required to stabilize the site. This could mean that a site could be heavily modified without any protocols in place or consideration given to Māori cultural values stabilisation methods must be referenced. Or add a clause that states that the modification or maintenance must be alignment to Maniapoto cultural values and to Ko Tā Maniapoto Mahere Taiao, Maniapoto Environmental Management Plan
03.17	NZHPT	Support	17. Energy	ENGY-R9	That the discretionary activity status of “One wind turbine with a rated capacity of up to and including 5kW per site, except for the industrial, general rural, rural production zones & PREC3 where the maximum is two wind turbines with a rated capacity of up to and including 5kW each per holding” locating within or on: “Heritage buildings and structures, sites and	Oppose see right columns		TNN recommends that where there is a reference to sites and areas of significance to Māori, this part is separated or removed and/ or amended to become part of the non-complying activity status

Submission no	Submitter Name	Submitters request: Support / in part / oppose	Plan Chapter/ Sub-section	Plan provision	Submitters Relief sought	TNN Support or Oppose	The reasons for TNN Support or opposition are:	TNN seek that the whole or part (description) of the submission is granted or disallowed
					areas of significance to Māori, significant archaeological sites, outstanding natural character" is retained.			
03.57	NZHPT	Oppose in part	19. Network utilities	NU-R33	That NU-R33 is amended to a discretionary activity for earthworks in Sites and areas of significance to Māori and significant archaeological sites.	Oppose, see right column		Earthworks in sites and areas of significance to Māori including Māori archaeological sites should be classified as a non-complying activity at a minimum as earthworks do not align to Maniapoto cultural values. Ensuring mechanisms and protocols are in place before conducting earthworks in/ on these areas are critical
03.76	NZHPT	Oppose	24. Historic heritage	HH-P17	That HH-P17 is amended as follows: Ensure activities on or adjoining significant archaeological sites avoid adverse effects on the site. in the first instance, and where avoidance is not possible, remedy or mitigate adverse effects, having regard to: <ol style="list-style-type: none"> 1. Protecting the cultural, and archaeological values present and their setting; and 2. Reducing the potential to lose or damage cultural and archaeological values; and 3. Providing the ability to interpret the place and its relationship with other scheduled features; and 4. The site's sensitivity to change or capacity to accommodate change without compromising any cultural and archaeological values; and 5. Any opportunities to enhance interpretation of the significant archaeological site." 	Oppose, see right column		

Submission no	Submitter Name	Submitters request: Support / in part / oppose	Plan Chapter/ Sub-section	Plan provision	Submitters Relief sought	TNN Support or Oppose	The reasons for TNN Support or opposition are:	TNN seek that the whole or part (description) of the submission is granted or disallowed
03.167	NZHPT	Support in part	Schedule 2 - Significance Archaeological sites	SCHED2	<p>That the sites recognised within SCHED2-Significance Archaeological sites are retained subject to the following amendments:</p> <ul style="list-style-type: none"> • Prior to final mapping for the Plan, an archaeological inspection and condition assessment, and should be undertaken for these sites and the inventory forms and site records updated accordingly. • Prior to final mapping for the plan, an archaeological survey should be undertaken by an archaeologist to map the extent of the site as part of this process to inform the extent of SAS05 shown in the Plan. • The inventory form should be updated to advise the specific archaeological features of the pa site and how the pa site is currently accessed/used by the public. • That consideration is given to the inclusion of the archaeological sites within the Te Kūiti Aerodrome and the Tainui domain, into the Plan schedule. 	Support in part, see right column		
04.01	New Zealand Agricultural Aviation Association (NZAAA)	N/A	9. Definitions	New definition Agricultural aviation activities	<p>Add a new definition for <u>Agricultural aviation activities</u>:</p> <p><u>Agricultural aviation activities; means the intermittent operation of an aircraft from a rural airstrip or helicopter landing area for primary production activities, and; conservation activities for biosecurity, or biodiversity purposes; including stock management, and the application of fertiliser, agrichemicals, or vertebrate toxic agents (VTA's). For clarity, aircraft includes fixed-wing aeroplanes, helicopters, and unmanned aerial vehicles (UAV's).</u></p>	oppose as per the right column	<p>Te Nehenehenui seeks to enhance the protection and maintenance of its people and taonga within the taiao as guided by Ko Tā Maniapoto Mahere Taiao – Maniapoto's Environmental Management Plan. Where submitters' submission points do not align with this, or have the potential to negatively impact on iwi, hapu, whanau cultural values, sites, and all taonga within Te Nehenehenui area of interest, TNN opposes submission points of this nature and requests that Waitomo District Council consider this when finalising the PDP review.</p> <p>If submitters submission points align to enhance the protection and maintenance of its people and all taonga within the taiao and the Te Nehenehenui area of interest, TNN is in support of these points.</p>	<p>Te Nehenehenui have stated support for other submitters' submission points that may be in conflict with this submission, therefore TNN oppose the points of this submission that are not aligned to our Taiao and cultural values, or those we have noted support for.</p>
04.04	NZAAA	Support in part	9. Definitions	Conservation activities	Retain the definition and add:

PER: Significant Natural Area</p> <p>PER activities in an SNA must:</p> <p>2. Not exceed 50m² <u>150</u> per holding, per calendar year <u>or</u> <u>250m²</u> of clearance per holding in any five-year period AND</p> <p>3. Be required by statute or regulations, including the Electricity (Hazards from Trees) Regulations 2003 and the Telecommunications Act 2001; or</p> <p>4. Be undertaken because indigenous vegetation is threatening or damaging a network utility; or</p> <p>5. Be for maintenance purposes on or within 2 m of existing roads, driveways, tracks, fences or water intake/discharge structures. PER activities in SNA that do not comply are DIS activities</p>	<p>Support in part, where the SNA is also culturally significant to iwi and mana whenua, consultation must occur</p>

53.37	DOC	Support in part	26. Ecosystems and indigenous biodiversity	ECO-P5	<p>Amend with the following or words to like effect: Where the limited circumstances of unavoidable removal of indigenous vegetation, or habitats of indigenous fauna, or disturbance of wetland areas are being considered (including situations provided for in ECO-P4), regard must be given to the following matters:</p> <ol style="list-style-type: none"> 1. Whether the area contains activity avoids adverse effects on nationally significant examples of indigenous community types and indigenous ecosystems and/or vegetation types that are threatened in the coastal environment, or are naturally rare; 2. Effects on the required range of habitats, including roosting, nesting, foraging and migratory pathways of fauna; and 3. Effects on the habitats of threatened and at-risk species including migratory pathways; and 4. Effects on the maintenance of ecological corridors, processes and sequences; and 5. Whether sensitive sites remain buffered from intensive land use, development and subdivision; and 6. The outcome of consultation where indigenous vegetation clearance is proposed in locations that are of significance to mana whenua; and 	Support in part, include consideration given to the effects on iwi and mana whenua cultural values	
-------	-----	-----------------	--	--------	--	--	--

					<p>7. Effects on natural waterway and wetland habitats and hydrology; and</p> <p>8. The legal and physical protection of existing habitat; and</p> <p>9. Whether consideration has been given to opportunities that contribute to no net loss of indigenous biodiversity at a regional scale; and</p> <p>10. Whether any practicable alternative locations that would reduce the need for removal of indigenous vegetation or habitats of indigenous fauna or disturbance of wetland areas, are used in the first instance.</p>		
53.39	DOC	Oppose in part	26. Ecosystems and indigenous biodiversity	ECO-P3 ECO-R13	<p>Amend objectives, policies and rules as appropriate to recognise and implement measures to address and manage the increased threat status of myrtle rust for manuka and kanuka.</p> <p>Any other similar, alternative, additional, or consequential relief which will address the matters outlined above.</p> <p>In regard ECO-R13 I seek the following or similar relief to like effect: ECO-R13 Removal of Manuka or Kanuka on a sustainable basis Activity Status: <i>PER</i></p> <p>Where:</p> <p>1. The removal of manuka or kanuka is no more than <u>250 m²</u>, or 1% of the SNA whichever is the lesser, per holding per calendar year, <u>or 250 m² over any 5-year period</u>; and</p>	Support in part, include consideration given to the effects on iwi and mana whenua cultural values	

					<p>2. The area from which manuka or kanuka is removed shall be replanted within 6 months or allowed to regenerate; and</p> <p>3. No removal of manuka or kanuka occurs within <u>5-10 m</u> of a water body.</p> <p>4. No removal of manuka or kanuka occurs within a bat protection area</p> <p>5. The removal of manuka or kanuka will not adversely affect any at-risk or threatened indigenous fauna.</p> <p>Note: For setbacks from natural wetlands see the Resource Management (National Environmental Standards for Freshwater) Regulations 2020.</p>		
53.42	DOC	Oppose in part	26. Ecosystems and indigenous biodiversity	Indigenous Biodiversity in the coastal environment ECO-P11	<p>ECO-P11. Protect indigenous biodiversity, including significant natural areas, located in the coastal environment overlay by:</p> <p>1. Avoiding adverse effects on:</p> <p>avoid adverse effects of activities on:</p> <p>(i) <u>indigenous taxa that are listed as threatened or at risk in the New Zealand Threat Classification System lists;</u></p> <p>(ii) <u>taxa that are listed by the International Union for Conservation of Nature and Natural Resources as threatened;</u></p> <p>(iii) <u>indigenous ecosystems and vegetation types that are threatened in the coastal</u></p>	Support in part, include consideration given to the effects on iwi and mana whenua cultural values and/ or in regards to customary activities	

					<p>environment, or are naturally rare;</p> <p>(iv) habitats of indigenous species where the species are at the limit of their natural range, or are naturally rare;</p> <p>(v) areas containing nationally significant examples of indigenous community types; and</p> <p>(vi) areas set aside for full or partial protection of indigenous biological diversity under other legislation;</p> <p>2. Avoiding significant adverse effects and avoiding, remedying or mitigating the other adverse effects of activities on:</p> <p>(i) Areas of predominately indigenous vegetation in the coastal environment; and</p> <p>(ii) Habitats in the coastal environment that are important during the vulnerable life stages of indigenous species; and</p> <p>(iii) Indigenous habitats and ecosystems that are unique to the coastal environment and vulnerable to modification and the impacts of climate change, including estuaries, lagoons, coastal wetlands, dune lands and dune lakes, intertidal</p>	
--	--	--	--	--	---	--

					<p>zones, rocky reef systems, seagrass and saltmarsh; and</p> <p>(iv) Habitats of indigenous species that are important for recreational, commercial, traditional or cultural purposes; and</p> <p>(v) Ecological corridors, areas and routes important to indigenous and migratory species;</p> <p>3. Maintaining or enhancing:</p> <p>(i) The habitats of wading/coastal birds including breeding, feeding, roosting sites; and</p> <p>(ii) Whitebait spawning areas</p> <p>4. Recognising that adverse effects on indigenous biodiversity within the coastal environment are cumulative and controlling these adverse effects to protect and enhance indigenous biodiversity; and</p> <p>5. Recognising the potential effects of sea level rise in the consideration of any resource consent application by ensuring sufficient coastal habitat inland migration opportunities are retained.</p>		
55.01	Kura Stratford	Support in part	51. Māori purpose zone and Maps	Whole Chapter	<ul style="list-style-type: none"> Retain the provisions that support marae purpose living, papakaainga. Provide a pathway in the rule framework, which enables the 	Support	Te Nehenehenui promotes and encourages direct engagement with Mana whenua. In instances where a mana whenua grouping cannot be contacted or consulted within the Te Nehenehenui area of interest, TNN has an obligation to represent its people and taonga to ensure that the

					<p>development of Māori freehold land.</p> <ul style="list-style-type: none"> The Draft Waitomo Plan can be further enhanced to enable the development of Māori owned land referred to in the Māori Land Court as Māori Freehold land (ancestral lands), that will also give effect to section 6 of the RMA. Although the mapping/zoning of Māori Purpose Zones may have some benefit to Mana whenua who are associated with that marae and surrounding areas (particularly if the land is under general title), the Waitomo District Plan should recognise Māori freehold land through a rule framework and not zoning. This approach would be more beneficial for Mana whenua and the development of Māori land. 	<p>integrity of their mana and mauri is maintained, upheld, and not undermined.</p> <p>Te Nehenehenui seeks to enhance the protection and maintenance of its people and taonga within the taiao as guided by Ko Tā Maniapoto Mahere Taiao – Maniapoto’s Environmental Management Plan. Where submitters’ submission points do not align with this, or have the potential to negatively impact on iwi, hapu, whanau cultural values, sites, and all taonga within Te Nehenehenui area of interest, TNN opposes and requests that Waitomo District Council consider this when finalising the review.</p> <p>If submitters submission points do align to enhance the protection and maintenance of its people and all taonga within the taiao and the Te Nehenehenui area of interest, TNN is in support</p>
55.02	Kura Stratford	Support in part	41. Residential zone, 42. General rural zone and 45. Settlement zone	Whole chapters	<ul style="list-style-type: none"> Retain the provisions in the residential, general rural and settlement zone that provide for papakaainga development around each marae. However, there needs to be recognition of Māori freehold land and treaty settlement land (general land use for Māori purpose) rather than a zoning approach. Amend the PDP to enable the development of Māori freehold land (ancestral lands) inherited by whakapapa, that will better give effect to section 6 matters of the RMA. Amend the PDP to include the same approach that has been adopted by the Waikato District Council in its appeals version (17. Māori Land) of the PDP 	

					<p>for Māori land (which includes Māori freehold land and treaty settlement land.</p> <ul style="list-style-type: none"> • I suggest the Proposed District Plan can be improved by enabling the Māori landowners to decide how many houses they need for their whānau and not limiting it to just six whānau members on one fee simple title. • I suggest the restrictions on the number of houses for Māori land should be removed. Māori landowners should be afforded the opportunity to use tikanga, kawa, Mātauranga to develop their lands for their future development and for successive generations. 		
56.05	The Fuel Companies	Support in part	19. Network utilities	NU-R8	<p>Amend the title and performance standards of Rule NU-R8 as follows:</p> <p>NU-R8. New electric vehicle charging facilities <u>devices</u></p> <ol style="list-style-type: none"> 1. Be installed in an existing, permitted or consented vehicle parking space, vehicle depot or garage structure, or installed on the road reserve; and 2. Not exceed a height of 1.8 <u>3.0 m</u> and an area of 1.5 <u>3.0 m²</u>. <p><u>This rule does not apply to poles, cables and cable support systems associated with the electric vehicle charging device.</u></p> <p>Use 'electric vehicle charging devices' in all other instances in the Plan which currently use other terms to refer to electric vehicle charging infrastructure. These terms include, but are not limited to, 'electric vehicle charging stations' or 'electric vehicle charging facilities'.</p>	Oppose see right column	<p>Te Nehenehenui promotes and encourages direct engagement with Mana whenua.
