**Re: Taumatotara Wind Farm Ltd – RM200019 Public Notification**

The above-named groups represent mana whenua marae and iwi entities within Ngaati Mahuta ki te hauaauru and the Tahaaroa area. We have not been formally engaged in considering the effects of the amendments to the consent conditions and, until we have been, and understand the effects of these amendments are very concerned at the potential impacts on mana whenua cultural, social, economic and environmental interests. Our current position is to oppose the amendments.

We wish to appear at the hearing. We would like to engage with the applicant and seek to understand the amendments, potential effects and mitigation measures proposed, if any. This may change our position of opposition.

Naa maatou katoa, naa
