 WAITOMO DISTRICT COUNCIL
 QUEEN STREET, PO BOX 404, TE KUITI 3941

INDICATE WHICH OPTION YOU SUPPORT FOR OUR SIX PROPOSALS:

1 SAFE COMMUNITIES

Council proposes the local establishment of an accredited Safe Community programme using the Safe Communities model. Refer page 9.

Which option do you choose?

OPTION 1 (PREFERRED OPTION)
 Council should pursue Safe Communities accreditation to support the development of our communities. **OPTION 1**

OPTION 2:
 Council should not pursue the safe communities accreditation. **OPTION 2**

OPTION 3:
 Council should make the Safe Communities initiative an even greater priority and allocate more funding towards it? **OPTION 3**

MY COMMENT:

Tidy up of main street shops
 Funding for someone to tidy up CBD shops - can council donate paint to LTRK to do the work

PLEASE NOTE: Submissions received on the 2018-28 Long Term Plan, will be made publicly available as required by the Local Government Act 2002 and subject to the Local Government Official Information and Meetings Act 1987. This will include name and address of submitters.

5 PUBLIC TOILETS AT MOKAU AND WAITOMO VILLAGE

Council is proposing to upgrade the Mokau toilets to more appropriately meet user needs in the 2018/19 financial year (first year of the Long Term Plan).

Council is proposing to invest in public toilet facility at Waitomo Village in 2019/20. However, this will be subject to land ownership being vested to Council for such a facility.

The estimated cost of the two facilities will require an investment of approximately \$320,000 each. Refer page 14.

Which option do you choose?

OPTION 1 (PREFERRED OPTION)

Council should apply for external funding from the Tourism Infrastructure Fund (TIF) to cover 50% of the cost of these facilities.

If funding is obtained then proceed with the upgrade at Mokau in 2018/19 and new toilets at Waitomo Village in 2019/20.

OPTION 1

OPTION 2:

Council should not proceed with providing the new and upgraded facilities even if the external funding is obtained.

OPTION 2

MY COMMENT:

Multiple horizontal lines for writing comments.

6 FUNDING WATER AND SEWERAGE SERVICES

Council is of the view that the entire District benefits from adequate and environmentally sound Water and Wastewater services and

these services should cost the same in each community. Refer pages 15-16.

Which option do you choose?

OPTION 1 (PREFERRED OPTION)

Council should implement the 'same service same rate' proposal phased in over four years (for water) and include 10% district benefit rate for all rating units across the district.

Under this option the water and sewerage assistance subsidies currently paid by all rating units in the district would be replaced with the district benefit allocation and the Piopio Wider Benefit Rating Area (PWBRA) sewerage rate would be removed.

OPTION 1

OPTION 2:

Council should stay with the current funding system which is - you pay for water and sewerage based on where you live and all rating units in the district pay an assistance rate for these services in smaller communities and PWBRA Sewerage rate remains.

OPTION 2

MY COMMENT:

Multiple horizontal lines for writing comments.
