Requirements

I wish to speak to Council about my submission

No

Proposal

Option1

False

Option 2

True

My comment on this proposal

Option 2 Status Quo, for years rural people have paid far too much for services we actually dont get or have limited access too. You promised us reduced water costs and to make things even, now you want to break the promise?????

What do you think about our plans for our projects and activities?

Wait to do water works at Benneydale until Te kuiti has their water storage issues sorted. Unless there are repairs needed. Why waste money on a project which may be scrapped or unsuitable because of the new water regulations coming

What do you think about our plans for finances and rates?

OK still very high, maybe should open up more housing areas?? encourage more people to move here, many would like to but land is not available. Even at Benneydale we would like to see more land allocated to the village sections.

Any other comments?
